DEPARTMENT OF EDUCATION

JAN 8 1 2017

Dr. Thomas J. Botzman  
President  
Misericordia University  
301 Lake Street  
Dallas, Pennsylvania 18612

Dear Dr. Botzman:

This is to notify you that the Pennsylvania State Approving Agency has determined that your institution continues to meet all of the criteria for approval for Veterans Education under the provisions of Title 38, United States Code, Section 3672 and 3675.

Your approval is effective August 29, 2016. This approval is based on a review of the institution's most recent publication:

Misericordia University  
2015-2016 Catalog

A list of the specific **academic** programs approved for the enrollment of persons eligible for veterans education benefits is enclosed. Also enclosed is a list of the programs not approved.

Practical training, cooperative programs and independent study continue to meet the provisions of CFR 21.4265(f)(2), 21.4233(a) and 21.4267, respectively. Study abroad remains approved.

You are required to notify the State Approving Agency of changes in academic policies or procedures, as well as new programs.

Not required, non-credit courses and/or courses taken on an auditor basis are excepted from this approval.

Notification of this approval will be forwarded to the Department of Veterans Affairs in Philadelphia. Following review by DVA staff the approval will be entered into their computer system. Enrollments and payment will not be processed until this approval is entered into their system.

I appreciate your continued cooperation in meeting the educational needs of our country's veterans, eligible dependents and reservists.

Sincerely,

Christine Hawk, Veterans Education Manager  
Division of Veterans/Military Education
