One of the following (3 credits):
____ PSY 250  Social Psychology (3 credits)
____ PSY 275  Child & Adolescent Psychology (3 credits) (OT majors may not count this course toward minor due to similar content in OT courses)
____ PSY 290  Psychopathology (3 credits)
____ PSY 450  Personality (3 credits)

Two additional Psychology electives (6 credits; ANY PSY course, including those listed above not already taken):
____ PSY
____ PSY

Total credits required for minor: 18 credits (19 if PSY 303 is taken)

†PSYCHOLOGY MINOR FOR SWK, NURSING, SLP and OT MAJORS:

We will accept as equivalent to PSY 232 (Research Methods) the research methods courses offered within the following major disciplines: NSG 410, SLP 310/512, SWK 232, and OT 520. For OT majors, OT 313 (Applied Neuroscience) will also be considered equivalent to PSY 303. OT majors may also not count PSY 275 toward the minor, due to similar content in OT courses. Students in majors granted equivalencies will only need to take the remaining required PSY courses as specified above to complete a PSY minor.
