

Jack Fesman Memorial Scholarship

This scholarship was created to honor Jack Fesman, founder of Med Mart. Jack had a passion for the medical equipment industry. He focused on providing quality equipment and education to every customer that walked through the door. Jack founded Med Mart in 1986 and today, the company continues to carry on his legacy of offering the best medical equipment and supplies, with the very best customer service.

A large part of what Jack did, and what Med Mart continues to do, is educate customers, patients, physicians, care takers, and staff on new, and innovative equipment that's on the market. Med Mart works diligently to stay on the cutting edge of improvements and developments in the durable medical equipment industry.

With Jack's commitment to education in mind, Med Mart is offering two scholarships. These will be awarded to college students, enrolled in physical or occupational therapy programs.
