

Transfer Equivalencies

Transfer Equivalencies

Current Misericordia Students must complete the Off Campus Request form through their myMU portal and receive approval from the Registrar's Office prior to taking a class to transfer back to MU. If the course that you are interested in does not appear on the equivalency list below, please include the catalog description of the course on your Off Campus request form for evaluation.

Transfer Students - Please use the following equivalencies as a guide and check with the Admissions Office for additional program specific questions as some MU programs may require specific coursework. If you do not see your college/university listed, please contact your admissions counselor for more information.
