

STUDENT EVALUATION OF THE FIELDWORK EXPERIENCE (SEFWE) FOR OT 602

Purpose:

This evaluation serves as a tool for fieldwork sites, academic programs, and students. The main objectives of this evaluation are to:

- Enable the Level II fieldwork student who is completing a placement at the site to evaluate and provide feedback to the supervisor and fieldwork setting;
- Enable academic programs, fieldwork sites, and fieldwork educators to benefit from student feedback in order to develop and refine their Level II fieldwork programs;
- Ensure that all aspects of the fieldwork program reflect the sequence, depth, focus, and scope of content of the curriculum design;
- Provide objective information to students who are selecting sites for future Level II fieldwork; and
- Provide a means of evaluation to ensure that fieldwork is performed in settings that provide educational experiences applicable to the academic program.

This form is designed to offer each program the opportunity to gather meaningful and useful information. Sections outlined with thick black double borders are designed to be customized by your program as needed. Pages involving evaluation of individual fieldwork educators have been positioned at the end of the form to allow academic programs to easily remove these pages before making them available for student review, if they choose to do so.

Instructions to the Student:

Complete this STUDENT EVALUATION OF THE FIELDWORK EXPERIENCE (SEFWE) form before your final meeting with your fieldwork supervisor(s). It is imperative that you review the form with your supervisor and that both parties sign on page 1. Copy the form so that a copy remains at the site and a copy is forwarded to your Academic Fieldwork Coordinator at your educational program. This information may be reviewed by future students as well. The evaluation of the student (FWPE) should be reviewed first, followed by the student's evaluation of the fieldwork experience (SEFWE), allowing the student to be honest and constructive.
